Team 2797 Knight and NerdyTeam 2797 is the East Ridge High School Robotics team 2797. We are working in the FIRST Robotics 2010 competition this year. Our team has worked with everything from Mindstorms NXTs to full blown robots. We have a working robot we call Excalibot that was used for the 2009 game breakaway. Even though this is only our second year, we have accomplished much and hope to do well in this years FIRST Robotics competition. team2797.com Team 442 Redstone Robotics Redstone Robotics is made up of students from New Century Technology High School, Lee Pre-Engineering Magnet High School, and Columbia High School. Columbia High School is a new recruit to our team this year and the newest high school in Huntsville. redstonerobotics.org Team 1523 Marsbot Mars Team was established in the 2004-2005 school year, with major support from GE Healthcare located also in Jupiter. Team 179: "Children of the Swamp" was a helpful and informative mentor guiding us through the hurdles of our Rookie season. MARS flourished due to great teamwork and fantastic support from Jupiter High's Engineering Academy Instructor Mr. Zachariah, mentors, sponsors, and involved parents. With the majority of the Team composed that year of Freshmen students, the team benefits from members who plan to remain involved for a full 4 years. marbot.org Team 180 S.P.A.M.

A collaboration of high school students from all over Martin County, FL, teachers and engineers work together in hopes for another successful season. S.P.A.M. has been an active FIRST Robotics team since their rookie year in 1998. Today, S.P.A.M. sponsors and provides student mentors for local FIRST Lego League teams as well as spreading community awareness of technology.

spamrobotics.com Team 234 CyberBlue

Cyber Blue is a partnership between Perry Meridian High School, faculty advisors, corporate sponsors, students, parents, FIRST, and our community. Contribution and commitment from all members of the partnership is required for a successful team. team 234 participated in American Cancer Society's Relay for Life on June 13 and 14, 2009 to help raise funds to fight cancer. team 234 raised \$1,100 with the help of our sponsor, Rolls-Royce. Seventeen students and 10 adults participated in this 24 hour event.
